

## THAW CAUGHT; WILL FIGHT EXTRADITION

**Arrested and Jailed in Canadian Town Just Across International Line**

**WAS ON WAY TO DETROIT**

**Thaw Claims He Was Merely Passing Through Canada on Way to Detroit When Arrested**

**MAY GO TO NEW HAMPSHIRE?**

SHERBROOKE, Quebec, Aug. 19.—Harry K. Thaw, cut short in his flight from the state hospital for the criminal insane at Matteawan, N. Y., by arrest today at the village of St. Hermenegilde de Garford, just over the international line from New Hampshire, prepared in his cell in the county jail here tonight to fight against being sent back to the United States.

Thaw faces deportation on the ground that he is an undesirable alien and extradition on a warrant charging him with bribery. The warrant already issued in New York state for his arrest on a charge of conspiracy will not suffice to extradite him, in the opinion of local authorities. These authorities received word tonight that the district attorney of Dutchess county, in which Matteawan is located, was on his way here prepared to swear to a warrant charging Thaw with bribery—an extraditable offense if necessary.

**On Way to Detroit.**

In his own defense Thaw claims that he was merely passing through Canada on his way to Detroit when his passage was interrupted by arrest. He exhibited what he claimed to be transportation to Detroit in support of his claim and cited the case of Jack Johnson to bear out his contention that he cannot be sent back to the United States by the Canadian authorities as long as he is simply passing through the country and intends to go beyond its borders.

District Attorney Conger of Dutchess county, New York, it is understood here, wants Thaw ordered deported. He wants Thaw returned to the United States over that part of the international line touched by the state of New York.

Thaw came into the dominion from New Hampshire, however, and if custom is followed, he would go back to New Hampshire.

The Canadian immigration department at Ottawa wired the chief of police here this afternoon to hold Thaw under the immigration act, indicating that steps will be taken to deport him. This theory was made almost a certainty by the information that the department had sent two inspectors to Sherbrooke with instructions to watch the case and institute proceedings to deport Thaw.

At Coaticook, where he was lodged in the lockup immediately after his arrest, Thaw engaged a local lawyer. He was arraigned before Justice of the Peace Dupuis. The justice read to him an indictment charging him with having unlawfully escaped from Matteawan and without permitting plea remanded him to the jail at Sherbrooke for a hearing tomorrow.

**Confederates Released.**

Two men were arrested with Thaw, but liberated later at Coaticook. They are believed to be confederates who aided Thaw in his escape. The two men refused to give their names or say anything about themselves. They followed Thaw here from Coaticook and remained in town over night.

W. L. Shurtliff, the Coaticook lawyer retained by Thaw, denounced the hearing before Justice Dupuis as unfair and said he would apply tomorrow for a writ of habeas corpus for Thaw prior to the hearing before the extradition commissioner. Should the writ be refused Mr. Shurtliff said he would seek an appeal.

There is every indication that Thaw intends to wage a bitter fight against extradition, deportation or both.

**Issues Statement.**

From his cell in the county jail tonight he sent out to the newspapermen a statement under this caption, typewritten in capitals:

"No one has contended that for two years nearly that Thaw has been in the tombs, he has been insane. There is no evidence of delusion in the slightest degree on his part. Is it anything crazy to take a pistol and defend yourself against a man who calls you a— and threatens to kill you before morning?"

The statement itself was a printed synopsis of District Attorney Jerome's speech or purported to be such—to the jury at Thaw's second trial.

**Removed to Hospital.**

After Thaw had spent some hours in his cell and grumbled a bit at his poor quarters, he was removed to the hospital where the accommodations are better. At his lawyer's suggestion he consented to see reporters.

## TUESDAY IN CONGRESS.

**Senate.**

Met at 11 a. m. and resumed consideration of tariff bill, taking up sugar schedule with prospect of disposing of it before adjournment.

Democrats decide to caucus tonight on the eligibility of the successor of late Senator Johnston of Alabama.

Senator Ransdell gave notice he would introduce amendment to strike out of tariff bill provision making sugar free in 1916.

Bristow amendment to sugar schedule proposing graduate duty defeated 34 to 39.

Bristow amendment to abolish immediately the Dutch standard sugar test adopted.

Considered nominations in executive session.

Adjourned at 6:11 p. m. to noon tomorrow.

**House.**

Met at noon and considered miscellaneous bills.

Lobby committee continued its inquiry.

Representative Kindell introduced resolution for investigation of Union Pacific-Southern Pacific dissolution.

Representative Harrison introduced a bill for creating a customs guards' service.

Representative Townner introduced concurrent resolution proposing mediation in Mexico by Argentine, Brazil and the United States.

Representative Eagle introduced substitute for administration currency bill.

Speaker Clark appointed members of joint commission to investigate Indian bureau and of commission to investigate tuberculosis among Indians.

Democrats caucus on currency bill.

Adjourned at 12:58 p. m. until noon Friday.

you left Matteawan?" he was asked. "I may have been going home," he replied quickly and finally. "No amount of questioning could induce him to modify this declaration. Nor could the interviewers persuade him to tell where he had been or what he had done since leaving Matteawan. Courteously, but firmly, he declined to answer all questions even remotely bearing on the topic."

**Has Little to Say.**

The authorities believe, however, that Thaw had an all-day ride at break-neck speed after he left Matteawan. An automobile answering the description of his big touring car passed through White River Junction, Vermont, Sunday night.

The same car was seen yesterday morning at Woodville, N. H. On each occasion it was occupied by four men. It is believed Thaw and his two companions left one man with the car near Lancaster, N. H., before boarding the train. Of this, however, Thaw refused to talk. He then was asked:

"Do you care to say anything about threats you are said to have made that you would go after certain people once you were out of Matteawan?"

"I shall make no answer to the nonsense of that sort that has been printed," he replied.

And that ended the interview. The photographers came next. They wanted a picture. Again Thaw balked. He could not consent to be photographed. He would not even consider it—till he put on a clean shirt and collar.

He explained that he had not had an opportunity to change his clothes since leaving Matteawan.

Thaw's two companions surpassed him in reticence.

**Regarded as "Prohibitive Person."**

Ottawa, Aug. 19.—Harry K. Thaw will be deported from Canada under the present plans of the Canadian immigration department, because within the meaning of the Canadian immigration act he is regarded as a "prohibitive person."

If a custom is followed, he will be sent back to New Hampshire from which state he entered the Dominion. It was late this afternoon when the department was officially notified of Thaw's apprehension and immediately, inspectors D. H. Reynolds and F. E. Whillans were despatched to Sherbrooke with instructions to watch the case and institute proceedings to the above mentioned end.

The department wired this afternoon the chief of police at Sherbrooke to hold Thaw under the immigration act.

It is likely that Thaw will be sent back to New Hampshire. Objections to deportation proceedings have rarely succeeded as prohibited immigrants have not, under the act the opportunity of resisting the inspectors of the immigration department. Once Thaw is landed back over the border it will be a matter of domestic concern as to how he will further be dealt with.

**Mother Is Broken Hearted.**

Cresson, Pa., Aug. 19.—Mrs. Mary Copley Thaw, at her country home, Elmhurst, tonight is broken in spirit over the tidings that her son, whom she supposed to be free when she left New York this morning, had been captured in Canada. The news that he was in a Canadian jail was conveyed to her on a train while enroute to this city.

"I can't believe," she exclaimed. "I don't believe it. Thaw has been in the tombs, he has been insane. There is no evidence of delusion in the slightest degree on his part. Is it anything crazy to take a pistol and defend yourself against a man who calls you a— and threatens to kill you before morning?"

The statement itself was a printed synopsis of District Attorney Jerome's speech or purported to be such—to the jury at Thaw's second trial.

**Removed to Hospital.**

After Thaw had spent some hours in his cell and grumbled a bit at his poor quarters, he was removed to the hospital where the accommodations are better. At his lawyer's suggestion he consented to see reporters.

## DIGGS CASE WILL GO TO JURY LATE TODAY

**Mrs. Maury Diggs Hears Husband Testify That He Had Been Unfaithful to Her**

**TESTIFIES IN HIS BEHALF**

**With the Evidence of Mrs. Diggs the Defense and Government Rested and Latter Begins Its Arguments to the Jury**

**DIGGS' TESTIMONY FEATURE OF DAY**

SAN FRANCISCO, Aug. 19.—Mrs. Maury I. Diggs sat today in the court room where her husband stands charged as a "white slave," heard him testify that he had been unfaithful to her with Marsha Warrington in their own apartments and twenty minutes later herself took the witness stand to testify in his behalf.

With her evidence the defense and the government alike rested and the government began its arguments to the jury. Each side had two hours and twenty minutes for argument. The case will go to the jury late tomorrow afternoon.

Three witnesses held the stand today. Maury I. Diggs occupied the forenoon detailing events that led to his flight to Reno with Marsha Warrington, accompanied by Drew Caminetti and Lola Norris, their close friends. Caminetti will be prosecuted announced the government today, when the jury has made up its mind about Diggs. The other two witnesses were Mrs. Caminetti and Mrs. Diggs.

Both were questioned briefly and the substance of their discourse was of the nervous behavior and air of worry that characterized their husbands for the week beginning March 3rd and ending in Reno.

**Diggs Center of Interest.**

Diggs was the center of the day. Handsomely gowned women stood 2 hours without luncheon in the corridors to hear his testimony in the afternoon. For the first time since the trial began there were more women in attendance than men.

Diggs' testimony was notable for its omissions. His lawyers did not attempt to have him deny that he got the transportation to Reno and paid for the Pullman berths and was intimate with Marsha Warrington in Nevada. All the stress was laid not on what he did, but what he intended to do. Not a word was said of what happened at Reno.

The case closed with no character witnesses introduced and no attempt was made to backen the reputation of the girls before they met Diggs and Caminetti.

What blackening of character was done Diggs did himself. He testified of a visit of Lola Norris, Caminetti, Miss Warrington and himself to his home on a night early in January during the absence of Mrs. Diggs. Thereupon Diggs, testifying with a display of reluctance, told of Miss Warrington's alleged gloating over her triumph over the absent wife.

**Does Not Hear All Details.**

Mrs. Diggs was not forced to listen to all these details. Part of the time she stood outside the door. She is a strikingly pretty brunette. Her manner was gentle and refined.

To return to the preliminaries leading to Reno, as Marsha Warrington and Lola Norris would have them, Diggs was always the leader. As Diggs would have it, Marsha Warrington was the prompter.

When first scandal assailed her, as early as January of this year, it was she who had suggested an elopement to Diggs. When he tried to "let her down easy," "to disconnect" as he put it, she called him a "piker."

"We girls framed this," he testified she had told him, "and you fellows have got to come along." And again: "Believe me, you're not going away and leave me."

**CARLOAD OF DYNAMITE EXPLODES KILLING OVER A HUNDRED PERSONS**

**Car Runs Wild Down Hill From Powder Works and Explodes When It Hits Trolley Pole.**

Mexico City, Aug. 19.—It is estimated that nearly 100 persons were killed and almost as many injured early this morning, when a car loaded with dynamite ran wild down the hill from the power works at Santa Fe, jumped the track and dashed into a trolley pole in the suburb of Tacubaya and exploded.

Late this afternoon over fifty bodies had been taken from the ruins of houses in Aacubaya.

from Matteawan, was abandoned at the farm house of John I. Rankins, near Rochester, N. H., last Monday noon, according to advices received here tonight. Two men drove the car. They asked permission to place the car in the Rankin stable, saying another man would call for it.

Leaving the Rankin home, the men took an electric car half a mile away. It is believed one of the men was Thaw.

## CONTINUE TO PROBE M'MICHAEL'S STATEMENT

**COMMITTEE IS INVESTIGATING FORMER CHIEF PAGE'S CHARGES**

**Two of Three Pawn Brokers Who Testify Deny That McDermott Had Been Asked To Oppose Passage of "Loan Shark" Bill.**

WASHINGTON, Aug. 19.—The house lobby investigating committee today continued to probe the statement of L. H. McMichael, one-time chief page of the house, that Representative James T. McDermott of Illinois has been given \$7,500 to work against a "loan shark" bill for the District of Columbia, by pawn-brokers affected by the bill. Two of the three brokers who contributed to a fund to be used against the bill denied that Mr. McDermott had been asked to oppose its passage.

They swore they raised about \$3,750 for use in the employment of attorneys and for presenting printed arguments to congressmen. Isaac Heidenheimer, who gave forty per cent of the total, said his acquaintance with Representative McDermott was slight and his conversation with him about the loan bill was only "casual."

George D. Horning, leader of the trio of brokers, denied McMichael's statement that he, Representative McDermott, John J. McDermott and McMichael made an arrangement for the payment of the \$7,500 to Representative McDermott at a conference in New York in John McDermott's office. Horning said however, that he did talk with John McDermott in New York about the legislation and thought the Illinois congressman and McMichael were present.

**Corroborates Statement.**

Horning corroborated the statement of McMichael. He agreed with the chief page that he sent by express \$200, to Representative McDermott at Chicago and telegraphed him he had sent it. He said that this was a loan and added that McDermott still owes him \$1,000 loaned more than 18 months ago.

Heidenheimer and Horning agreed that part of the fund they raised to defeat the loan shark act went to the Democratic national campaign fund. Horning said he contributed \$25 to the committee and that \$500 of this amount was taken from the common fund. He said National Committeeman Costello of the District of Columbia and Henry Morganthau, in the Democratic headquarters in New York had asked him for personal contributions and that he thought a contribution might help with Democratic congressmen.

Horning said he made an unsuccessful effort to have someone in Tammany Hall in New York get friends of that organization in congress to see that the Washington pawn-brokers got a hearing before the committee in charge of the loan bill. He didn't remember, who he saw that was supposed to have the ear of Tammany congressmen but said he was "turned down" with the statement that "Tammany" could not go into such a thing.

The committee will continue his examination tomorrow.

**FIRST RIOTING OF STRIKING LEAD MINERS AND OFFICERS OCCURS**

**In Fight Between Foreign Miners and Sheriff's Party Two Miners Were Shot and Seriously Hurt.**

Flat River, Mo., Aug. 19.—The first rioting during the strike of 5,000 St. Francois county lead miners took place here today. In a skirmish between foreign miners and a sheriff's party at the Federal Lead company's office two miners were shot and seriously wounded. The meeting of the state board of arbitration and mediation was postponed because of the absence of R. P. Toll of Kansas City.

**Capture Accused Miner.**

St. Genevieve, Mo., Aug. 19.—A posse led by Sheriff Herbstreth and City Marshal Abernathy after a long automobile chase this afternoon captured a striking miner of Flat river who is accused of murdering a man here last night. Fred Burch, 34 years old of Modoc, Ill., was stabbed during a fight on the main street. He died 5 o'clock this morning. Witnesses said Burch was slashed by the miner.

## DEMOCRATS DEFEAT ALL AMENDMENTS

**Rally to Support of Tariff Bill and Vote Down Amendments to Sugar Schedule**

**ABOLISH DUTCH STANDARD**

**During Fight on Schedule an Amendment to Abolish Immediately the Dutch Standard Color Test for Sugar Is Adopted**

**BRISTOW AMENDMENT DEFEATED 39-38**

WASHINGTON, Aug. 19.—President Wilson's program for free sugar in 1916 carried the day in senate today when Democrats rallied to the support of the tariff bill and defeated all amendments to the sugar schedule. With all but Senators Ransdell and Thornton of Louisiana standing firmly for the administration the Democrats defeated the Bristow amendment for a compromise duty, the Norris amendment against free sugar and the Gallinger amendment against free maple sugar. An amendment to abolish immediately the Dutch standard color test for sugar was adopted during the fight. It was proposed by Senator Bristow, Republican, and accepted by Senators Simmons and Williams, the Democratic managers of the bill. Under its provisions, the Dutch standard, against which a consistent fight has been waged since 1909, will be abolished as soon as the tariff bill becomes a law instead of next March, as the measure otherwise would have provided.

Senator Bristow's amendment would have established a gradual reduction in duty from the present tariff of 1.90 per hundred pounds until in six years the tariff would have been \$1.27 1-2. Under the Cuban treaty this would have established a 97 cent tariff on Cuban sugar, which constitutes the bulk of the imports into the United States. A hard fight was made for the Bristow amendment, but it was defeated, 39 to 34. But for the absence of Senators Works, Sterling and Lipitt, Republicans, and Senator Poinsett, Progressive, the vote probably would have been 39 to 28.

**Not Alarmed by Close Margin.**

This close margin did not alarm the Democratic leaders, however; for a definite canvass of the entire membership they were certain of a majority. The proposal to put cane and raw sugar on the free list in 1916, behind which President Wilson had mustered the Democratic majority after a long and persistent effort, came squarely before the senate on a motion by Senator Norris, Republican, to strike out that feature of the bill. This was defeated by a viva voce vote.

This proposal will come up again when the bill advances to the next reading in the senate. Senator Ransdell of Louisiana, who gave notice earlier in the day that he would make a similar motion, urged Senator Norris to wait. When made again the motion undoubtedly will call for a record vote, but Democratic leaders tonight expressed entire confidence that they would still have a clear majority of at least one vote. The acceptance of Senator Bristow's Dutch standard amendment and its immediate adoption was greeted with a burst of applause on the Republican side. Senator Simmons gave notice that he would offer further amendments to the sugar schedule before the bill was approved, to make it clear that existing sugar duty of 1.90 per hundred is to continue in force until the new rate of 1.00 per hundred becomes effective next March. Senator Cummins said he believed unless such amendments were made, sugar would come in free of duty from the time the new tariff becomes a law until the proposed duties take effect next year.

Before adjournment tonight the senate had disposed of the schedule devoted to rates on spirits, wines, and liquors with the exception of that provision relating to the tax on fortified wines and the cotton schedule was taken up and briefly debated.

**Owen Opposes Currency Bill.**

Unexpected developments in regard to currency reform legislation in the senate today promised serious complications for President Wilson's plans for the passage of a currency bill at this session of congress. At a conference of Democratic members of the senate currency committee Chairman Owen, who has been considered one of the original framers of the bill now before the Democrats of the house, made it clear that he was opposed to several features of the bill, including the plan for twelve regional reserve banks and that he would recommend important changes in the measure.

The results of the senate conference have been to leave the currency situation entirely open tonight, so far as the senate's probable action is concerned. Senator Owen did not suggest a definite plan to his colleagues, but said he was opposed to the regional reserve bank plan; to the proposal to compel all national banks to enter the new federal systems and to other features of the bill as it was introduced by Chairman Glass of the house currency committee.

**May Be Complete Remodeling.**

## AWAIT HUERTA'S COMPLETE REPLY

**ADMINISTRATION OFFICIALS AWAIT NEWS FROM MEXICO**

**Only About 1000 Words of the Text of Huerta's Reply to the American Note Has Been Received in Washington—Lind Has Interview With Provisional President.**

WASHINGTON, Aug. 19.—Hopeful, though somewhat puzzled by the day's developments, administration officials anxiously waited tonight for receipt of the Huerta government's complete reply to the American note communicated by John Lind, personal representative of President Wilson in Mexico. President Wilson and Secretary Bryan had received during the past 24 hours:

A summary from Mr. Lind giving briefly the Huerta government's rejection of the American proposals.

About 1,000 words of the text of the Huerta reply.

A message from Mr. Lind, stating that he had been in conference at an early hour today with Provisional President Huerta, and that the interview had been cordial and was brought about at the suggestion of Huerta himself.

A denial was sent by Charge O'Shaughnessy that there was no truth in the ultimatum demanding recognition by the United States.

**Must Conclude Conference.**

Officials took the view that nothing could be done by the United States until Mr. Lind concluded his conference with Huerta and his cabinet. One thing that confused the situation was the fact that only the first part of the Huerta note rejecting the American proposal had been received. It cited particularly that the pride of the Mexican people could not brook the settlement of an international controversy at foreign hands but the principal argument was not reached in this installment of the document.

There was an undercurrent of skepticism among officials however who were inclined to credit Senator Urrutia, Mexican minister of interior with responsibility for the reports published today that recognition had been demanded of the United States with a threat of severing relations between the two countries. At the white house and state department the denial authorized by Provisional President Huerta was accepted. Reports of friction in the Huerta cabinet, however, were current and Urrutia's alleged declarations were cited in official circles as possible evidence of friction.

**May Resign in Favor of Gamboa.**

It is believed in some quarters that Provisional President Huerta has practically decided to resign in favor of Senator Gamboa with the intention of being a candidate in the coming elections.

Constitutional representatives here do not think anything definite will result from the present negotiations and are pleading for the American embargo on arms.

Feeling was tense throughout official Washington over the development in the Mexican capital but the denial sent by Charge O'Shaughnessy relieved the tension materially.

Judgment generally was deferred until the Mexican note had been received in full. Publication of the American note has been postponed to await the outcome of Mr. Lind's second effort to reach an understanding with Provisional President Huerta.

**TWENTY-TWO ARE INJURED WHEN TRAINS COLLIDE HEAD-ON**

**Freight Train Attempts to Reach Station Before Passenger and Wreck Results—Two Are Seriously Hurt.**

Ft. Smith, Ark., Aug. 19.—Twenty-two persons were injured, two seriously, when a local St. Louis and San Francisco passenger train known as the "Slicker" collided head-on with a Midland Valley freight train near Jensen, Ark., 25 miles southeast of here late today.

The freight train was an hour late and, it is said, was trying to get to Bonanza ahead of the passenger train.

The attitude of other Democrats on the senate committee, including Senators Hitchcock, O'Gorman and Reed, is such as to indicate that there will be material changes in the administration measure if not a complete remodeling of it before it comes before the senate for action.

Several members of the committee tonight inclined to the opinion that the senate ultimately might be asked to consider some measure of a temporary character similar to the bill recently introduced by Senator Lea, Democrat, which would amplify the Aldrich-Creeland emergency currency law and so change its provision as to bring a form of special currency within the reach of all national banks.

Those participating in the committee conference today declared tonight that no definite plans existed for the remodeling of the Glass bill.

Democratic leaders in the house have virtually agreed that the administration bill now pending in the caucus shall be amended so as to specially provide for the same red-counting rights to paper based on ware house receipts or other evidence of ownership of agricultural products as a recorded commercial and industrial paper.

General debate on the bill will continue in the caucus tomorrow.

The Henry Bosse was used in building a wing dam in the river and had started for shore when a squall caught her. Captain Syfert was thrown thirty-five feet when the cabin parted from the hull. He was badly injured, but was picked up clinging to parts of the wreckage.

The others who escaped held to parts of the wreckage until boats put out from shore.

The capsizing of the steamer was seen from shore. Boats were launched by government employees. The craft is a total wreck. Divers from the government fleet tonight made an attempt to recover the bodies.

## RAILROAD NOTES.

F. L. Chase the new division passenger agent of the Chicago & Alton with headquarters at Springfield was in the city yesterday.

Freight traffic on the Chicago & Alton is decidedly looking up. A fish car in charge of the U. S. fish commission came in on the Burlington yesterday and went on to Meredosia. The car was in charge of Louis Geist, a very gentlemanly official who showed the Journal reporter all through the car which he said had been to South Carolina with catfish, sunfish, bass and other kinds for the waters of the southern streams.

The C. B. & Q. road is in need of firemen. W. R. Constant has been appointed second truck operator at the Wabash station with hours from four p. m. to twelve. He has heretofore been employed at Baylis and Bluffs.

Yesterday morning the Chicago & Alton sent west a large delegation of homeseekers whose destinations were several Dodge City, Walnut, Moran and other points in Kansas.

Charles Balsey who has been working at the ice plant has taken a position in the car shops and will be helper to Charles Meder.

Combination car 22 was sent out of the C. P. & St. L. shops as good as new yesterday.

The Journal reporter arrived at the car shops yesterday in time to see 52 backed out of the machine shop to the rolling platform and changed to a new stall for farther work. The monster seemed to be in perfect condition.

## Thursday big race day.

### BACK FROM THE NORTH.

Mr. and Mrs. William Newman and daughter, Mary Louise have returned from a sojourn in Minnesota where an overcoat was comfortable and a bit of fire much of the time a necessity. Mr. Newman said he had been in Virginia, Minnesota, and while it had but some twelve thousand inhabitants it has school-houses which cost as high as \$175,000 each. The iron mines in the immediate vicinity of the place are assessed at 21 millions and pay 96 per cent of all the taxes of the place.

A small place called Buell with but a thousand inhabitants was erecting a \$175,000 school house so as to get rid of some of its money. Churches are scarce and the colored population seems to have the best. In Virginia there are sixty one saloons.

### HAS PROSPEROUS CHURCH.

The Bluffton, Indiana First Presbyterian church has recently issued a directory and financial statement showing that the church there is in excellent condition. Rev. T. J. Simons well known here is the pastor of the church which is growing satisfactorily under his leadership. The booklet is one of thirty or more pages and contains portraits of the pastor and of prominent church workers in addition to interesting data about the organization.

### AFTER MANY YEARS.

M. C. Davenport of Lovington, Ill., was in the city yesterday to see his brother, John, who is sick. He left Jacksonville 37 years ago and found few familiar faces among them that of the writer. He taught a time in the business college and has lived in Springfield, New Orleans, Decatur and his present place of abode. His father was Clayton T. Davenport, who went from this county to Missouri.

### JEFFRIES BAND WILL PLAY.

If you want to be well entertained don't miss the big races tomorrow. Jeffries band will play.

### WILL ABANDON ROAD.

In Lincoln, Ill., the street railroad is to be abandoned because the company cannot afford to pave three miles of street. The company offered the property to another syndicate if the latter would run it but the offer was declined.

## THE REDS GAVE

### BANQUET TO VICTORIOUS BLUES

Members of Pisgah Presbyterian school Close Three Month Contest With Feast and Literary Program.

One hundred and fifty members and friends of the Presbyterian Sunday school at Pisgah sat down Tuesday evening to a sumptuous feast prepared by the "Red" side of the contest which has just closed in honor of the victorious "Blues." The supper was served on the lawn of the church at 5 o'clock and was followed by the program of readings, recitations and music, so arranged that members of the Red and Blue factions participated alternately. The decorations were of red and blue intertwined to represent the final harmony of the two sides after the three month contest.

The committee in charge of the banquet was composed of Mrs. William Arnold, Mrs. George Holley and Mrs. Charles Bennett. In charge of the program of the Blues were Mrs. James Holmes, Mrs. George Lenington and Miss Eleanor Moore. The portion of the entertainment given by the members of this side follows: Piano solo, Helen Holmes; Recitation Annabel Drug; original song, Oral DeFries; Recitation, Virginia Lenington; music, Miss Nellie Mathews; song, Miss Julia Holmes and an address by the Rev. George Lenington.

The part of the program given by Reds consisted of a recitation, the 23rd Psalm, by Benny Megus; a tableau with music, "Pharaoh's Daughter and the Child Moses," by Miss Marie Vannerberger and Miss Katherine DeFries; the "Palms" a chorus by different nations in costume; a tableau, the "Three Graces" and a reading by Stewart Holmes.

Those who were in charge of this portion of the program were Mrs. Edward Kendall, Mrs. James Dobyns and Mrs. Chester Schofield. From more standpoints than one the Red and Blue contest was a success and much credit is due the members of both sides for the loyal cause of the Presbyterian Sunday school at Pisgah. Among the most active workers was the superintendent, Frank Vannerberger who has been ready at all times to sacrifice personal interests that the school might increase and prosper.

### BIG RACES TOMORROW.

Jeffries Band will play, the track in front of the grand stand will be amply sprinkled and with a clear sky there should be a record breaking crowd. The races will begin promptly at 1:30. The management has been talking with some of the merchants and they were in favor of closing their places of business for a short time in the afternoon.

COUNTY SUNDAY SCHOOL  
CONVENTION AT LYNNVILLE

Helpful Addresses Given by Hugh Cork, State Secretary, and Various Workers From Jacksonville—Officers Elected.

Three hundred Morgan county Sunday school workers gathered in Lynnville Tuesday, the first day of the annual convention. As the Lynnville Christian church was found inadequate for the numbers in attendance, the sessions of the afternoon and evening were held in a large tent in the school house yard. The morning program consisted of addresses by Hugh Cork, the State Sunday school secretary and the Rev. G. W. Flagg of Centenary church Jacksonville. A business meeting was held at which officers for the ensuing year were elected. The new officers are:

President—Arthur Swain, Sinclair.  
First vice-president—William Crum, Litterberry.  
Second vice-president—Roy McKinnel, Lynnville.  
Secretary—Miss Flora Hall, Jacksonville.  
Treasurer—Carl Weber, Jacksonville.

Following the dinner which was served by the ladies of the Point M. E. church, the delegates met in the tent for an afternoon of addresses full of help for the worker in the Sunday school. Rev. Mr. Flagg gave an interesting talk based on the Beatitudes. Mrs. Crum of Litterberry played a piano solo, followed by a second address by Hugh Cork. The much appreciated reading were given by the Rev. E. B. Houck of West Jacksonville circuit. Rev. Clyde Darsie made a talk on teachers training and Miss Jones talked on the Sunday school in relation to missions.

A song service led by Frank Masters opened the evening service. "Promises that are Precious to me" was the subject of a very helpful address by the Rev. G. W. Burnett of the Lynnville Christian church. Among the most interesting talks of the day was the account of the World's Sunday School convention at Zurich by Hugh Cork. This service was presided over by Roy McKinnel. In the absence of the secretary, Miss Elsie Hall, that place was filled by F. H. Jewsbury.

The convention will be continued today and a number of other interesting and profitable addresses are promised for delegates.

THROW DISCREDIT  
ON GRAFT CHARGES

CAN FIND NOTHING TO IMPLICATE  
A. M. LAWRENCE IN PURCHASE

Committee Investigating \$1,000,000  
Vote Machine Purchase Hearing  
Brings Out No Material Support  
for Statement Attributed to City  
Officials of Ottumwa, Iowa.

CHICAGO, Aug. 19.—Discredit was thrown today on charges of graft in statements before the legislative committee investigating the \$1,000,000 voting machine purchase by Chicago. Despite efforts by counsel the committee was unable to discover any material support for statement purporting to come from former city officials of Ottumwa, Iowa, attempting to implicate A. M. Lawrence, publisher of the Examiner, the local Hearst morning paper, and today Lawrence's counsel said that he placed no weight on the affidavit put in evidence by E. E. Marriott, purporting to implicate James Keeley, general manager of the Chicago Tribune.

Francis Walker, counsel for Lawrence, stated to the committee that Marriott's statement was nothing but hearsay. Both statements were mere hearsay and inadmissible as evidence according to Walker. Marriott testified that he had not offered his affidavit as other than hearsay. He was subjected to a severe examination by former Governor Deneen of Illinois. Except when Election Commission Czarnecki the minority member of the board, testified that he had opposed the \$1,000,000 purchase as unjustifiable, the witness stand today was occupied by newspaper men, including James Keeley and members of the Tribune staff.

Marriott is a reporter for the Examiner. Charles Gotthart, a Tribune staff man, testified that he had interviewed the Ottumwa men named in conflicting statements and that they said they would not come to Chicago to testify because they feared they might be "slugged."

#### Grandma Talks About Babies

Has a Large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there's a grandma who knows Mother's Friend. Not only is she reminiscent of her own

experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents caking of the breasts.

It is quickly and wonderfully penetrating, permits the muscles to expand without the strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear.

No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days will be cheerful, the nights restful. Thus the health is preserved, the mind is in repose, and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget nor neglect to be supplied with this greatest remedy ever devised for motherhood. It is unfailing. Write at once to Bradford Regulator Co., 133 Lamar Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

#### PLANS ABOUT READY FOR EIGHTH GRADE BUILDING

Unfinished Drawings in Architect  
Buckingham's Office Indicate  
General Dimensions and Provisions  
of the Proposed Structure.

Architect C. W. Buckingham and his assistants are hard at work now completing the plans for the eighth grade building and preparing specifications for the same. It is the expectation that the finished plans can be presented at an early meeting of the board of education and that the specifications will also be ready when wanted. The new or revised plans, for either term seems to be correct, it is believed, call for a building which it is estimated will cost \$75,000 or less complete with everything except seats.

From a superficial examination of the plans in the office of the architect yesterday a Journal reporter got the following ideas of the proposed building. The structure will be 147 feet by 89.5 feet in general dimensions, whereas the original building was planned to be 170 feet by 85.8 feet. The building will be constructed of No. 2 paving blocks, which will be laid in black mortar.

The first floor or rather the basement is devoted largely to the gymnasium, which is sixty by seventy-five feet in dimensions. The gymnasium formerly planned was sixty-three by eighty-nine feet. Space will be left at the south side of the gymnasium for the erection of a stage at some later time. At one side of this space is a janitors' room and at the other an apparatus room. At the east of the gymnasium is a corridor, twelve feet wide and adjoining it are the toilet room, shower bath room and lunch room for the boys. The west end of the building is an exact duplicate the rooms there being designed for the girls. The running track designed for the original building, has been left out of this building and the roof construction can therefore be considerably lighter.

The gymnasium ceiling is eighteen feet high and so it extends through the second story. Here it is surrounded by eight rooms, two are cloak rooms, one a retiring room, one a teachers' rest room and four recitation rooms.

**Assembly Room Is Large.**  
The assembly room is on the third floor and occupies the larger part of it, being sixty by seventy-five feet in dimensions. There is ample space in this room for the 375 desks. At east of the assembly room are three recitation rooms, which are twenty-one by twenty-four feet in dimensions and an equal number are at the west end. A room twenty-one by seventy-five feet in dimensions is south of the assembly room and is designed for domestic science work and will be subdivided as the needs indicate.

Various changes have been made in the exterior of the building which will make it plainer and less expensive. At the base for example concrete will be used instead of Bedford stone, but the stone will be used for the trimming of the upper stories.

**Separate Heating Plant.**  
There is no provision within this building for the heating apparatus, but it is understood to be the plan to have an outside boiler house and possibly to have a plant which will furnish heat jointly for the high school and the proposed new building. The outside effect of the building will be somewhat like the Edwardsville building in that the walls will be of blocks laid in black mortar, the trimming in Bedford stone, and the central portion higher by about ten feet, than the other portions.

Altogether Mr. Buckingham has worked rapidly in getting out the new plans and seems to have en-

deavored to cut down all that is superfluous. The plans have not yet been presented before a meeting of the board and it is possible that when they are some other changes may be made.

#### HIST TO TWENTY THOUSAND.

Versailles, Ky., 19.—Every man, woman and child on Johnson N. Camden's four thousand acre estate in Woodford county, not far from here, is busy today with the preparations tomorrow, when the millionaire owner of the estate expects to be host to an army of probably twenty thousand Kentucky farmers and their wives. The invitation was extended to all farmers and farmers' wives of Kentucky, but it is believed that not more than twenty thousand will accept Mr. Camden's hospitality. To feed the visitors there will be plenty of burgoo and barbecued beef mutton and chickens, together with the trimmings as customary among southern farmers. The gathering will also have a practical object. Agricultural conditions and suggestions for the betterment of the farms will be discussed by several noted authorities on farming who have consented to deliver informal addresses.

#### WILL FIGHT BOOTLEGGERS.

Columbus, Ohio, Aug. 19.—One of the most important matters to be discussed and voted on by the annual meeting of the Ohio Liquor League, which opened a two days' session here today, will be the resolution proposed by State President William Seckel, of Cleveland, to levy a monthly per capita tax of 25 cents from all retailers for the purpose of maintaining a bureau to ferret out illegal traffickers in liquor. It is believed that the strict enforcement of the new state liquor license law will force a number of retailers out of business and incidentally prove an incentive for some to engage in bootlegging or the maintenance of speakeasies. The resolution referred to was suggested with a view of suppressing this illegal traffic.

#### SECOND TRIAL FOR DR. SMITH.

Springfield, Ohio, Aug. 19.—Tomorrow will begin the work of drawing a venire for jurors for the second trial of Dr. Arthur B. Smith, the Springfield physician who is charged with poisoning his wife. Dr. Smith has been confined in jail here since last November, when he was arrested on a charge of first degree murder. Mrs. Florence Caviler Smith, his alleged victim, died suddenly March 18, 1912. Though her death caused considerable comment, for she was said to have been in excellent health, no suspicion was aroused until on October 1, Mr. Smith married Miss Mabel Merchant at her former home in Newton Highlands, Mass. Miss Merchant was for several years a nurse in the Springfield hospital, and she was called in many cases by Dr. Smith. A few weeks after the marriage the county officials ordered an examination into the cause of the death of the first Mrs. Smith. The body was exhumed and as a result of the medical examination Dr. Smith was indicted for the murder of his wife. His first trial took place last spring and resulted in a disagreement of the jury. The second trial is scheduled to begin early next month.

For the evening a ritualistic contest for the prize degree banner is on the program together with a band concert on the grounds of the Elks' home. Business meetings will be held tomorrow and Thursday morning, while the afternoons and evenings will be devoted to pleasure.

#### CHILDREN'S WELFARE EXHIBIT.

Something Which Cannot Fail to Attract and Be of Great Benefit.

Dr. Milligan with a force of assistants was busy yesterday unpacking and getting into shape the child's welfare exhibit in the pavilion at Nichols park and the things to be shown there cannot fail to be of great interest and practical benefit to all and especially those who have the rearing of tender babes.

Yesterday a Journal reporter had the pleasure of seeing something of the proposed exhibit and will mention only a small part, a series of photographs which will be shown. The whole is to be in the great pavilion and free to all who will call and see the workings of the exhibit. Among the admirable photographs were:

### JOHNSON WINS HIS THIRTEENTH

Washington Star Wins Pitchers' Battle from Falkenberg in Ten Innings by 5 to 1 Score.

Cleveland, Aug. 19.—Walter Johnson pitched his thirteenth straight victory for Washington here today, downing Cleveland in a contest that went ten innings. The score was 5 to 1.

For nine innings the game was a pitchers' battle, in which neither Johnson nor Falkenberg, who pitched for Cleveland, excelled. But in the tenth, slow fielding on the part of the locals and free hitting by the visitors gave Johnson the margin.

### TIGERS GIVE ATHLETICS THE GAME

Indifferent Playing and Loose Fielding Enable Philadelphia to Overcome Detroit Lead and Win.

Detroit, Aug. 19.—Detroit presented Philadelphia with a 4 to 3 victory today. Wild throwing, indifferent fielding, loose fielding and an error at a critical moment enable the visitors to come up from behind, score three runs in the sixth inning and win the game.

Neither team did a great deal of hitting, but Philadelphia used three pitchers and Detroit used two.

### BURGOMASTER IS EASY FOR JOURNAL SWATTERS

MAYOR DAVIS IS KNOCKED OFF MOUND IN SIXTH.

Journal's Classy Team Swats His Honor and DeSilva for Twenty Safe Ones for Fifteen Runs—Charley White, Journal Pitcher, Lobs Them Over in Easy Fashion and Has City Fathers Bent Double All the Way.

Sunday morning the Chutes column in the Journal intimated that this morning the city hall would probably be shrouded in crepe. As the result of a "killing" which was in store for His Honor and the baseball team that was to represent the city fathers in a game against a pesky lot of youngsters from the Journal cellar to the attic, the crepe is hanging upon the outer wall all right this morning, provided the "frequent" copious showers with which Jacksonville and vicinity has been favored the past six weeks, has not washed it away, for be it known that Mayor Davis and his cohorts were whipped to a well-done frazzle and made to like it in seven long, drawn out spasms—long drawn out because the Journal clique refused

Charley White Looked Them Over; Then Faded Them.

to stop its awful carnage upon the best assortment of shoots, drops and fadeaways the mayor carried in his "prolific" repertoire. When hunger and darkness threatened they resented with the handsome total of twenty hits for 15 runs, while the representatives of the city were hard pressed to scratch four hits for one run off the puzzling curves of Charley White.

To go into the details of the game would be a hardship to the mayor and would be likely to crab his pride. Suffice it will have been said when the city's chief magistrate is advised to go out and muster up new strength. Now, and until then, will Charley White and the other eight Journal conspirators "have it upon" the city hall.

A fish fry at the park, and the moving picture shows, trained elephants and monkeys in the city had a tendency to keep down the attendance. There were a few grown-ups and a plentitude of future presidents who seemed to enjoy the slaughter. A few of the fair sex ventured as far as the third base foul line, but when they learned what was going on they beat a hasty retreat over the east knoll in the direction of the refreshment parlor.

A return game is being sought by the defeated ones, and their request in all likelihood will be granted. At that time a different story may have to be related. The score follows:

### MEXICO INFLUENCES STOCK MARKET

#### REPORTS OF CRISIS IN SITU- TION DEPRESSES THE LIST.

Market Prices Give Way Generally  
With Especial Heaviness in Cor-  
porations Which Have Interests in  
Mexico.

New York, Aug. 19.—The Mexican  
situation was the conspicuous in-  
fluence in today's stock market. Re-  
ports over night that the relations  
between this country and Mexico had  
reached a crisis were responsible for  
depressing the list, and although  
more reassuring statements were re-  
ceived later the tone continued un-  
certain.

American stocks declined in Lon-  
don on selling orders from this side.  
When trading began in this market  
prices gave way generally with es-  
pecial heaviness in corporations  
which have interests in Mexico.  
Some heavy stocks were unloaded  
early, but pressure thereafter was  
not severe despite the bearish cast  
of sentiment. At the low figures of  
the session smelting showed a 3  
point loss, Amalgamated and Union  
Pacific were 2 points

Say, we have been scared half to death ever since we read that article from Jerome Culp, and we are not the only one either, for we have noticed that when any of our auto men meet a sorrel horse hitched to a buggy, they begin to shake, their eyes bulge out and they pull into the ditch to give the sorrel plenty of room. We met a sorrel horse hitched to a buggy a few days ago and pulled out as far as we could, and killed our engine, and the gentleman stopped and asked if he could help us. This made us feel good and we thanked him and went on our way rejoicing. Laying all jokes aside, we believe Mr. Culp is right, and we hope his warning will do some one much good; not only auto smart Alecks, but buggy and wagon smart Alecks; they are pretty evenly divided. Some people think if they can annoy an auto driver they are doing a remarkably good thing; while there are auto bogs who will take the whole road just because they have the advantage. It is very trying to any one who has always acted the gentleman on the road to be crowded out of his rights or be run down; and the feelings are the same to the auto driven who tries to be careful, manly and lawful, when he is annoyed by some one who lays himself liable to the law in order to get even with the auto. Many times the innocent have to suffer for the misdeeds of the guilty. We know the feeling that comes into one's heart when he is grossly insulted by some one trying to crowd him out of his rights, but mob law is dangerous and barbaric and we hope the time will never come when it will be necessary for a man to carry a gun to hold his part of the public highway. If everyone would "do unto others as they would have others do unto them" this question would settle itself. We meet many fine teams on the road who think nothing of giving the whole road to a machine; on these occasions we always say, there is another Christian.

The Literberry chicken fry turned out to be the best ever. It seems that the right ladies were selected for the managing committee, and they selected the right persons for the sub-committees, so that all down the line they had a perfect organization. The managing committee consisted of Mrs. W. E. Murray, Mrs. S. H. Crum and Mrs. M. M. Crum. The secret of the perfect success of this affair on all sides is the fact that the Literberry people did their full duty toward their guests, not only in quantity, quality, good and careful serving and fairness to all, but a general good feeling to everyone, making them feel at home and glad to be there. When the people saw this spirit they felt welcome and enjoyed the good things that had been prepared for them. Outside neighborhoods could gain much valuable information on entertaining points by taking notes from their neighbors in Literberry. It may be encouraging to the different committees to know that a large number of people are loud in their praise for the manner in which they were treated on this occasion. One crowd of young people remarked, "Why can't Literberry give this kind of a spread every month?"

Notice.  
 The managing committee desire to extend their sincere thanks to the sub-committees and all who donated or helped in any way.

Rev. Mr. Dickman was the headman; he can behead more chickens in a given length of time than any one in the vicinity. He also acted as usher.

Little Miss Anna Margaret Vanner lost a gold pin, which, we presume, will be found and returned by some of our children.

Mrs. S. H. Crum found a gold cuff button with a letter on one side. She has no use for it and owner can have it by calling for it.

PLAY FESTIVAL A  
CHARMING EVENT

Attracted Large Audience to Illinois College Athletic Field—Whole Program Was Pleasing and Showed What Play Grounds Work Is Accomplishing—Many Children Took Part in Graceful Exercises.

The play ground festival last evening on the Illinois college athletic field attracted a large audience and it is safe to say that all present were both surprised and delighted with the program. What is done by the children is hearty without stiffness or formality and when in addition to that they are well drilled so that all passes off smoothly without a hitch there seems little to be desired.

Not every one in the city realizes what is being accomplished at the play ground and the affair of last evening will give an idea of the grand work being done by those interested in it.

**Committee Worked Hard.**  
The desire of those who did most to promote the success of the affair last night was to show what is being accomplished by the playground association and to arouse an increased interest in the work and surely all appearances indicate that they succeeded.

Of course it is impossible to mention all who deserve credit for the work and playground in general and the special affair last night in particular, but it is only just to mention the names of those who have been so faithful in the work from the start.

Mr. F. J. Hehl, the president of the association; Mr. A. Wehl, Mr. C. E. Cole, Miss Louise Capps, have been especially active in the work and getting the enterprise started and making it a success and the city council has ever been kind. Then the association has been particularly fortunate in securing the services of such a splendid playground director as Mr. Ruyter. He is a whole host in himself and a Napoleon in his calling.

Gentlemanly in his deportment, firm in his discipline, fair to all, a success in getting along with children, capable in the management of a playground, he has been of inestimable value from the start. It is only fair to mention these persons for their work has been so valuable in the success of the enterprise.

**Mr. Ruyter Excellent Director.**  
In the great work of drilling the children for the affair last evening Mr. Ruyter has been at his best and has labored long and faithfully and he has had the pleasure of seeing his work a success. Mrs. Ruyter has ably seconded all his efforts and has been of untold value. Others who have done much also are Karl Hill, Worthington Adams, Floyd Williams and Marcus Robinson. All these surely may feel well pleased with the success of their work and the large audience present was not at all lacking in enthusiasm and the thanks of the playground association are due those who so kindly attended and helped by their presence and applause to make the program pass off all right.

The children were at their best and all did admirably. The evening was perfect, the grounds well lighted and all was conducive to success and many thanks too are due the trustees of the college for the use of the college grounds. The Jeffries band did admirably as a matter of course and added much to the success of the evening.

Where all did so well it is useless to endeavor to make any special mention. When the band struck up "Pop Goes the Weasel" some of the elderly ones in the audience could hardly express their delight for it was something they had heard and loved half a century and more before and a more attractive selection could hardly have been made. All the numbers were good and gave fine satisfaction. The volley ball game was between the first ward and the Y. M. C. A. teams and resulted in a victory for the first warders by a score of 23 to 9.

**Order of Exercises.**  
When all was in readiness the whole class joined hands and circled around the flag which was in the center held by a color bearer. All then repeated the words:

"I give my heart and my hand to

my God and my country; one God, one country, one flag."

The band leading "America" was sung with a will and then the program proceeded as follows:

Playground ball—First ward.  
Salute the flag—All wards.  
Hickory, Dickory Dock dance—Third ward.  
Games, boys and girls, Blind Man's Buff—First ward.  
London Bridge dance—Fourth ward.

Volley ball—Y. M. C. A. and First ward team.  
Games, Cat and Mouse, Policeman and Thief—Second ward.

Norwegian Mountain dance—First ward.  
Pyramids—First ward.  
Games, Rabbit in the Hollow, Come Along—Third ward.  
Maid of the Mist dance—Fourth ward.

Ball game farce—First ward.  
Pop Goes the Weasel—Second ward.

Games, Relay Game, King, King Calico—Fourth ward.  
Tumbling—First ward.

A great effort was made to secure the names of all those participating and if any are omitted they will be gladly mention if reported to the Journal.

WILL SHOW SHETLANDS IN  
FOUR DIFFERENT STATES.

Logan Black Will Leave Today for Inter-State Fair at Cleveland—Big String of Ponies Entered in Many Events.

This morning Logan Black and three assistants will leave Jacksonville with a string of Shetland ponies for the inter-state fair at Cleveland, Ohio. From there they will go to the Ohio state fair at Columbus, then to the New York state fair at Syracuse and on to Detroit, for another exhibition. There will be twenty or more ponies in the string and they will be entered in twenty-six different classes of exhibits and it goes without saying that they will bring back some prize ribbons to Morgan county, for Mr. Black's Shetlands are known the country over. Mr. Black's assistants, who go with him are Charles Grange, Donald McKenzie and William Boland. They will leave Jacksonville on the Chicago and Alton today with the Shetlands comfortably housed in an immense furniture car. The return to Illinois will be just before the state fair and the ponies will probably be shown at Springfield before being brought home to Jacksonville.

**GOVERNOR DUNNE COMING.**  
Gov. Dunne has promised to attend the races tomorrow. If he can come clear from Springfield you ought to be there.

## MORE CARS FOR CHAUTAUQUA.

Four extra street cars were received Tuesday by the Jacksonville Railway & Light Co. for use during the Chautauqua. Superintendent Miser estimates that from six to eight hundred people can be conveyed at one trip from the grounds to the square or vice versa. During rush hours there will be twelve cars in service on the South Main line, six cars leaving the grounds and the square every fifteen minutes.

**SHORT TOMATO CROP.**  
Growers from different sections of the state report the late tomato crop very light owing to the firing of the blooms by the protracted dry weather. Late varieties will hardly average a third of a crop, according to the statement of local growers. Tomato canneries in many sections have deferred their time of opening owing to the general scarcity of the fruit.

## JUDGE BARNES SOON

**TO RETURN.**  
Judge C. A. Barnes and family, who have been spending the summer at Nisswa, Minn., will return to Jacksonville in the near future. Judge Barnes, who was in poor health when he went away, has improved steadily and will return ready to take up his usual duties.

## THE TEMPERATURES.

The temperatures for Tuesday, according to G. H. Hall, weather observer at Alexander, were: Maximum 87 and minimum 72.

## MORUARY

### Rearick.

George W. Sargent of this city has received word of the death of his aunt, Mrs. Amanda S. Rearick of South Mound, Kansas. She was born and reared in this vicinity. A local paper says:

"Amanda Sargent, daughter of William L. and Melinda Hughes Sargent, was born near Jacksonville, Ill., June 22, 1838 and died June 24, 1913, at her home in South Mound, Kansas, of peritonitis, after a short illness, her death coming as a great shock. She was married to Jacob W. Rearick, April 3, 1866, at Beardstown, Ill., coming to Kansas in an early day they settled on the farm south of South Mound, still owned by Mrs. Rearick at the time of her death.

The funeral services were conducted June 28, at the South Mound M. E. church by Rev. Fred M. Bailey, of Oswego, and Rev. Roy Burt, of St. Paul. The music was beautifully and appropriately rendered by a Parsons quartet, solos by Mrs. Joe Gahagan and Clifton McIntire and the South Mound choir.

Mrs. Rearick spent her girlhood in and around Jacksonville, being educated at the Illinois Woman's College. She was one of the best informed women of the times, being a real student of all transpiring events, a great lover of the flag, and never a holiday passed without the stars and stripes being in evidence about her home. She was proud of the fact that through the Sargent Wilson marriage at Chillicothe, Ohio, she was a relative of President Woodrow Wilson.

### Rittig.

Mrs. Barbara Rittig, a patient at the Jacksonville State hospital, died Tuesday morning at 10 a. m. at the age of 75 years. The remains were prepared for burial at O'Donnell's undertaking establishment and later were sent via the Wabash to his former home in Moweaqua.

### Bader.

Hyacinth Bader, who suffered a stroke of paralysis a few days ago passed away Tuesday afternoon at 3:30 o'clock at the family residence, 258 East Court street. For over half a century Mr. Bader has been a resident of Morgan county and for a great many years he followed the occupation of a farmer. He was a man of upright life and had many true friends. He was a devout member of the Catholic church.

He was born Sept. 11, 1829 at Wintonburg, Germany. He came to the United States in 1852 and first settled in Ohio and came to Illinois in 1860, making Morgan county his home.

On Sept. 10, 1853, he was married to Sophia Fisher and she died in 1906. He is survived by two children, George and Mary Bader of Jacksonville, also two grandchildren and three great grandchildren.

The funeral services will be con-

ducted Thursday morning at 9 o'clock from the Church of Our Savior, and interment will be made in Calvary cemetery.

### Jaeger.

Clarence Arthur Jaeger, son of Mrs. Louis Jaeger, died Tuesday morning at the home of A. H. Coffman, 729 North Main street. The deceased was nineteen years of age and is survived by his mother. Tuberculosis was the cause of his death. He was a member of the Church of Our Savior and the Court of Honor. He and his mother had lived for some time in Colorado in hopes of benefiting his health, but his residence in that state afforded him no lasting relief. The arrangements for the funeral will be announced later.

### Nergenah

George H. Nergenah, a well known resident of the Chapin neighborhood died Tuesday afternoon at 3:45 o'clock after a lingering illness of cancer, at the age of 56 years. He was born in Morgan county, June 6, 1857 and was married December 5, 1888 to Miss Louise I. Whorton, who survives him and the following children, Mrs. Andrew Wheeler of Alexander, Russell, Mary, Gertrude and Louise at home, also one grand son George Wheeler. He leaves the following brothers and sister, Henry of Meredosia, William F. of Concord, Mrs. Minnie Hagel and Mrs. Martin Walters of New York, Mrs. Henry Schnake of Beardstown.

Mr. Nergenah was well and favorable known as a good neighbor, kind and generous to all and will be greatly missed.

The funeral will be conducted Thursday at 10 o'clock a. m. from the family residence northwest of Chapin and Rev. J. H. Sieving of the German Lutheran church of which the deceased was a member, will conduct the services.

## RACES BETTER THAN EVER.

The program of races tomorrow will equal that of the last matinee.

Thomas McGrath of Vandalla, Ill., a son of the deceased, with Rev. John J. Enright of Greenville acting as deacon, Rev. John Calnan, of Quincy, sub-deacon and Rev. Joseph Crowe, master of ceremonies. There was a large attendance of friends at the funeral, as Mr. McGrath was a man highly respected in the community. The remains were laid to rest in Calvary cemetery and the bearers were Messrs. William McGrath, Thomas McGrath, Thomas Hennessey, William H. Anderson, John Carrigan and Patrick Meany.

Big Races Thursday.

## MATRIMONIAL

### Cook-Struck.

A romance which had its beginning in the Jacksonville high school, where Prof. A. F. Cook, was an instructor in English and Miss Leola Struck was a pupil, had its culmination Tuesday morning at 8 o'clock, when the young people were married at the home of the bride's parents, Mr. and Mrs. Henry Struck, Rev. J. W. Miller, pastor of Grace M. E. church, officiating. The ceremony was witnessed by only immediate friends and relatives of the bride and groom. Following the marriage a wedding breakfast was served.

The bride is popular among the younger set and is an accomplished young woman. She graduated from the High school with the class of 1913 and was a member of the Alpha Gamma Theta society. She is also a member of Grace M. E. church. Prof. Cook is the son of Rev. A. W. Cook of Owen, Wis. He graduated from Ripon college, Ripon, Wis., and for the past two years had been an instructor of English in the local high school.

The young people left the city over the C. & A. Tuesday morning for Alton, where they took the boat for St. Paul. After a visit with friends there they will go to Grand Meadows, Minn., where Prof. Cook has recently been appointed superintendent of the public schools. The "At Home" cards read September 1.

### SHIP CATTLE TO CHICAGO.

Considerable stock is being shipped from Woodson these days, especially cattle, the continued dry weather making it hard to find pasture and water. Tuesday Isaac Watson shipped a car to the Chicago markets, Samuel Butler, a car load, Thomas Simpkins, two cars and John W. Henry and J. E. Henry each a car of cattle all to the same market. There are five more cars to be shipped within the next day or so.
